ELECTRONIC EDITIONS OF SERBIAN ASTRONOMICAL INSTITUTIONS AND SOCIETIES 2018-2025

Abstract. Electronic publishing of astronomical institutions and societies from Serbia from 2018 up to 2025 is described and analysed.

Keywords: Astronomy, electronic publishing, Astronomical observatory, astronomical societies.

1. Introduction

The electronic publishing in astronomical institutions and societies in Serbia, started in 2006. The electronic publications finished within the 2006-2009 period, have been reviewed in detail in [1], for 2010 and the first part of 2011 in [2], in [3] for the second part of 2011 and the first part of 2012, in [4] for the second part of 2012 and first part of 2013 and for the second part of 2013 to the first part of 2015 in [5].

In [1-5], 47 CDs and DVDs, published from 2006 up to the first part of 2015, have been presented. The publishers were Astronomical Observatory, Astronomical Society “Ruđer Bošković”, Society of Astronomers of Serbia and Naturalist Society “GEA” from Vršac. One DVD, containing Abstracts, Presentations and Photos of the 1st Workshop “Astrophysical winds and disks; Similar phenomena in stars and quasars”, organized 2009 in Platamonas, Greece, by Teams of National and Kapodistrian University of Athens (Faculty of Physics) and Astronomical Observatory of Belgrade, has been published in Greece. Moreover, one DVD, containing material of the conference Resources of Danubian Region: The Possibility of Cooperation and Utilization, has been published by Humboldt-Club Serbien, since the organizer, astronomer Luka Č. Popović, was its President at that time.

There are no published disks in the second part of 2015, and in 2016, 2017, since in this period author of this contribution had two operations of hips. Here we will present the CDs and DVDs published from 2018 up to 2025 period. The following electronic sources have been published within the considered period:

ЕЛЕКТРОНСКА ИЗДАЊА СРПСКИХ АСТРОНОМСКИХ ИНСТИТУЦИЈА И ДРУШТАВА 2018-2025

Електронско издаваштво, које је у астрономским институцијама и друштвима у Србији започело 2006. године, приказано је за период 2006-2009, у *Прегледу НЦД*, бр. 17 (2010, стр. 17-24), у 2010. и делу 2011, у *Прегледу НЦД* бр. 23 (2013, стр. 33-36) у делу 2011. и делу 2012, у *Прегледу НЦД* бр. 24 (2014, стр. 67-74), у другом делу 2012. и првом 2013, у *Прегледу НЦД* бр. 27 (2015, стр. 13-17) и у *Прегледу НЦД* бр. 28 (2016, стр. 43-49) од другог дела 2013 до половине 2015. У ових пет радова приказано је 47 компакт дискова и ДВДа, које су Астрономска опсерваторија, Астрономско друштво „Руђер Бошковић“, Друштво астронома Србије, Природњачко друштво „ГЕА“ из Вршца и Хумболтов клуб публиковали од 2006 до средине 2015. године. Поред тога, један од дискова, припремљен у Србији, објављен је у Грчкој. Пошто у 2016. и 2017. години није било оваквих издања, овде дајемо преглед електронских издања објављених од 2018, закључно са 2025-ом годином. Сва приказана електронска издања, као и она објављена претходних година, укључена су у Српску виртуалну опсерваторију (SerVO <http://servo.aob.rs/>).
